

Team Structure

North County Aquatics Board of Directors

The NCA Board of Directors governs the overall direction of the club. We would like to welcome any and all of our swim team parents to join us at the monthly meetings which are generally held the second Monday of the month. Please check the newsletter and/or bulletin board at the pool for time and place.

If you would like more information regarding how you can be involved with North County Aquatics, please contact a Board of Director member or the Head Coach.

Coaching Staff

The coaches are here to support your needs. If you require personal workouts, meets, events, goal setting, and other swimming related needs, please contact Interim Head Coach Moffitt. For all administrative questions, such as dues, safety, or policy issues, contact one of the board members.

Interim Head Coach Heather Moffitt – Bronze and Silver Group

Coach Heather received a B.S. in Criminal Justice from California State University, Bakersfield (1995). A competitive swimmer since age 7, Heather has attended and run many swim camps, taught swim lessons to all ages and levels and coached High School swimmers. She recently completed training at the World ASCA Clinic in Florida and throughout the years has had the opportunity to receive training from some outstanding coaches. Swimming and competing in Triathlons since college helped Heather hone her skills and keep her interest in swimming.

“The Body Achieves What the Mind Believes”

Coach Mara Wells – Blue Group

Coach Mara was born and raised here on the Central Coast. She began swimming competitively at the age of four and continued on through high school swimming for none other than our own North County Aquatics. She achieved SCS Senior Time Standard in the 100 yard Backstroke. Mara has taught every swim level and age group since the age of 15, from ‘Mommy and Me’ classes to high school swimming to adult lessons. In addition to coaching for NCA, she currently coaches JV Girls Swimming at Paso Robles High School. Mara previously was Assistant Coach for North County Aquatics from 1995-1998, at which point she left to raise her four children. Once the children became old enough to swim, she felt it was time to return to her first love, swimming. After returning recently from the World ASCA Clinic, Mara has completed ASCA Level 2 Coach Recognition.

Coach Mara believes swimming is for all ages and all abilities. “Swim for life” is her motto and she strives to instill in each of her swimmers a love of swimming, as swimming is a sport one can do throughout their entire life. In 1997 she fulfilled her dream to swim the Catalina Channel, 26 miles of shark-infested waters. She is currently on track to attempt the English Channel in the summer of 2011.
